

CEU FACULTY

Much of CEU's strength comes from an outstanding faculty, attracted by the university's academic excellence, its social values and its willingness to encourage intellectual risks and the pursuit of new knowledge. Both renowned senior scholars and talented young faculty have recognized CEU as an institution ready to organize resources and structures around promising new ideas. Over 200 professors from around the world teach at CEU. They come from countries including: Australia, Austria, Belarus, Belgium, Bulgaria, Canada, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, France, Germany, Greece, Hungary, Ireland, Israel, Italy, Japan, Lithuania, Luxembourg, Malaysia, the Netherlands, New Zealand, Nigeria, Norway, Poland, Romania, Russia, Serbia, Slovakia, Slovenia, Sweden, Turkey, Ukraine, the United Kingdom, and the United States.

The CEU faculty includes a large number of visiting professors from other leading institutions, many of whom are eminent scholars in their field who have gained international recognition. Visit department websites for information regarding visiting professors.

Many departments are in the process of being organized into Schools, e.g. Political Science, International Relations and European Studies, and Public Policy; History, Medieval Studies and Nationalism Studies Program, etc. so that students applying to one of these will actually have access to all the faculty within the given School.

The average student/faculty ratio of CEU is 7:1.
