

Local Transportation

There are two ways to get in the city from the airport. You may take a shuttle bus, which costs Huf 2,990 one way and 4,990 two ways (about 11 and 17 Euros). You should book the shuttle in advance, as otherwise you may expect a long waiting time. The URL for the shuttle is: http://www.airportshuttle.hu/en_index.php.

Most taxi companies have a fixed rate from the airport to the city and back so you won't get ripped off if you take a cab. The fixed rate is around Huf 5,400 (around 18 Euros).

Those who are supported by the COST Action, should pay attention to the COST reimbursement rules when they decide which option to take. Without any justification COST pays 40 Euros for local transportation, but this includes airport transfers in the home and the destination city.
