

# FIRST HUNGARIAN PRE-MOOT

March 8-9, 2009

The pre-moot is aimed at preparation to the oral pleadings of the 16th Vis International Commercial Arbitration Moot in Vienna (<http://www.cisg.law.pace.edu/vis.html>).

## 16th Willem C. Vis International Commercial Arbitration Pre-Moot at Central European University

with the participation of teams from Hungary, Germany, France, Croatia and the Czech Republic

The pre-moot is aimed at preparation to the oral pleadings of the 16th Vis International Commercial Arbitration Moot in Vienna, and at promoting international arbitration education.

What you can do to contribute to this international event and by this to participate in enhancing Hungary's reputation in the Vienna Vis Moot, is:

- To participate as an arbitrator
- To host the participants for a cocktail party or a lunch
- Or simply to attend the hearings

The pleadings will follow the Vis Moot orals' pattern, pairing the teams to plead against each other before different panels in 1.30-hour long rounds. After each round the arbitrators will provide their feedback on the performance of the team members. Between the hearings the participants will be offered coffee and tea, and a lunch will also be provided. In addition, at the end of the first day, a short welcoming reception will be organized, followed by a sightseeing tour, events to which you are more than welcome to participate.

Should you decide to attend any of the presented events, please let us know by February 20 the latest.

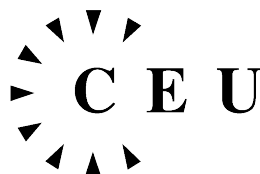

Should you decide that you would be willing to support this event by any contribution, or should you have any questions, or need clarifications, please feel free to contact the organizers by email
